

# Maldives gets a **NEW Atmosphere!**

**S**urrounded by a pristine sandy beach and an expansive turquoise lagoon, *Atmosphere Kanifushi Maldives* is a brand new entry into the Maldives resort segment. The resort is a fusion of traditional and modern architecture, offering an overall contemporary feel with a Maldivian touch - privacy, comfort for a well-deserved holiday siesta. Opened in December 2013, the resort's key tag line is "**Affordable & Luxurious!**"

The resort has introduced a uniquely exclusive **Premium All-Inclusive plan Platinum Plus**, which covers approximately 90% of the total expenses a client might incur during a beach holiday experience in the Maldives.
