

all-in platinum service

There is no denying the allure of The Maldives, writes *Iain Robertson*, the cluster of Indian Ocean jewels that guarantee a wonderful island break. Imagine, then, an all-inclusive service to Atmosphere Kanifushi, a five-star residence

set in an expansive lagoon of turquoise waters surrounded by an immense and uninterrupted stretch of white sandy beaches. Only recently opened (December 2013), it offers both great value and unparalleled overall service.

The 150 individual and

spacious family guesthouses and cabanas are separated by tropical vegetation for guest privacy. Dining assumes a fresh relevance with the only, all-vegetarian restaurant in the Maldives, as well as a Japanese Teppanyaki Grill and 'The Spice', the venue's main

restaurant. Swimmers are catered for by 'The Liquid' an immaculate 50m pool, with matching bar, and also 'The Sunset', to serve each end of the day. There is a professional PADI diving and sailing centre, a floodlit tennis court and a fully-equipped gymnasium.

With clubs for both younger and older children, as well as no less than a dozen Akiri spa treatment rooms, all the family can enjoy a holiday at Atmosphere. Yet, Platinum Plus factors in sumptuous buffets, unlimited cocktails, activities, excursions and adventure as extra benefits to raise tropical vacationing onto another plateau.
